CAPACITY BUILDING: DRUG DEMAND AND SUPPLY REDUCTION

PLANNING

TRAINING

INCEPTION

Outlook

DAP continues to be Asia-Pacific's prime mover in the field of drug demand reduction as it has partnered with 27 member states to develop and deliver innovative programs.

Beginning

Establishment of DAP as a permanent programme during Colombo Plan's 23rd Consultative Committee Meeting in New Zealand.

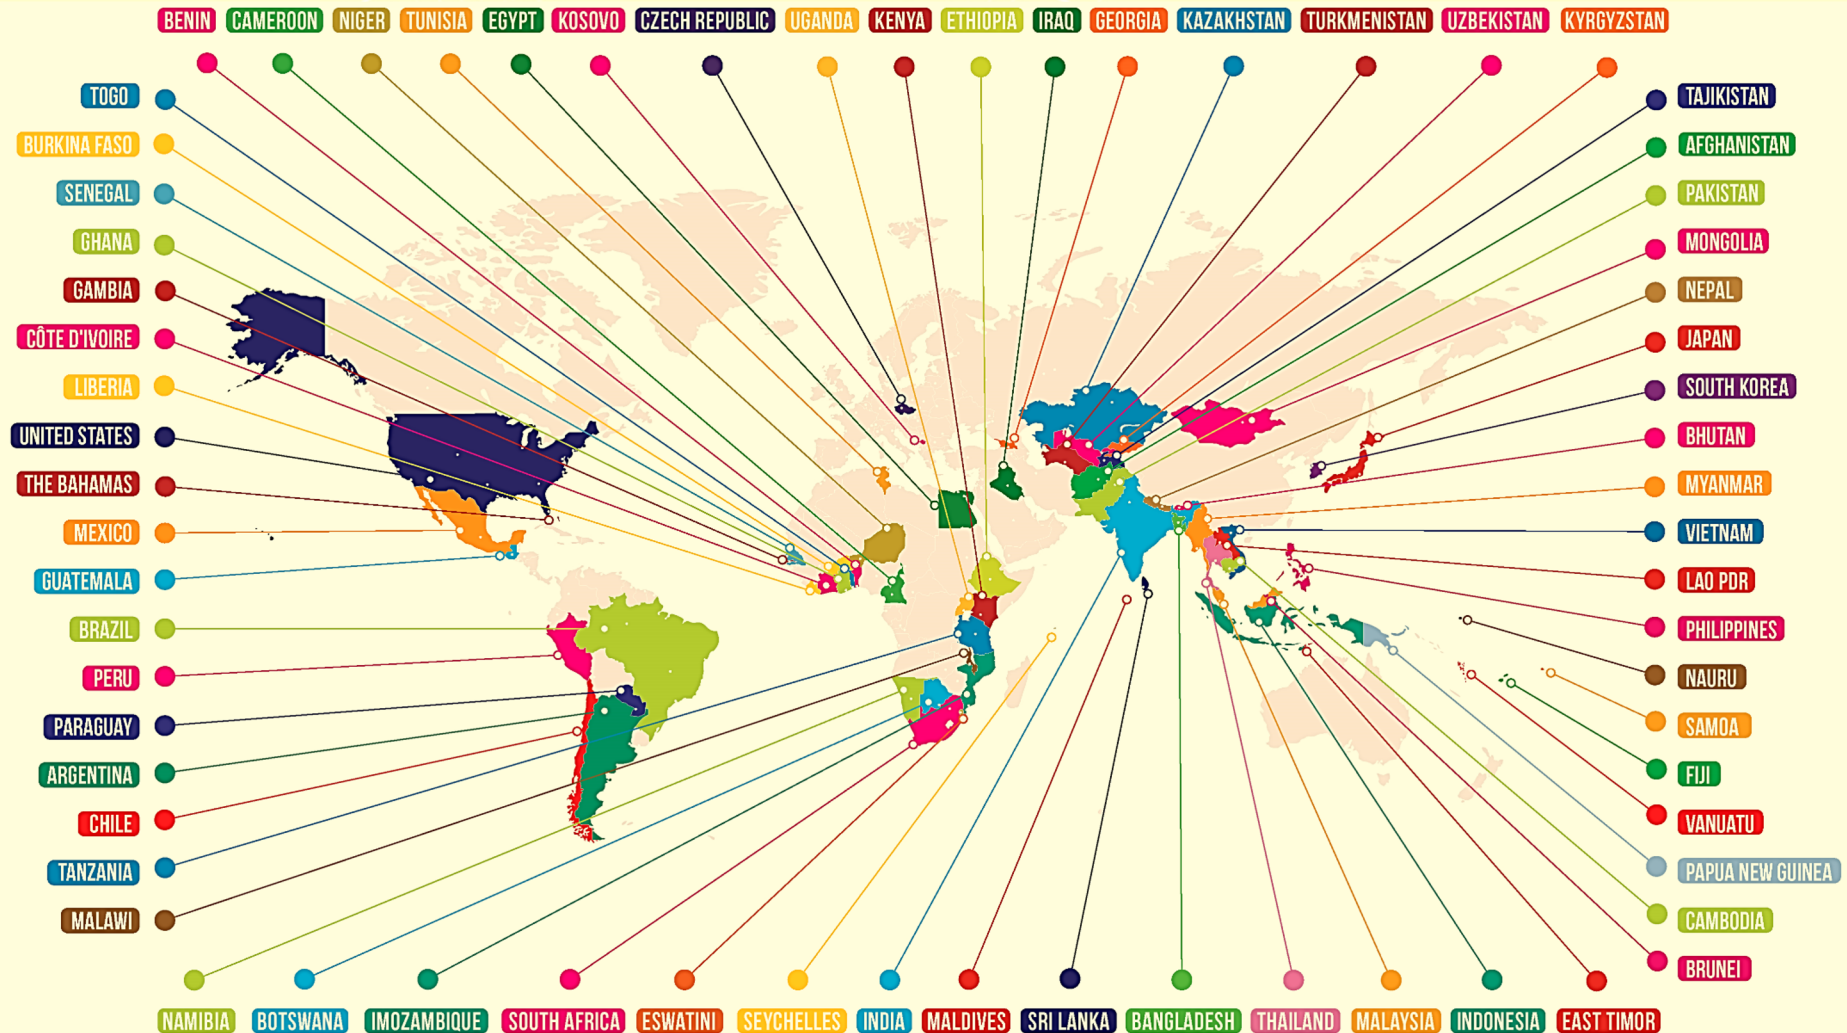

Present

DAP's focuses on:

1. Capacity Building Training Programs
2. Professionalising the DDR Sector
3. Providing Technical Assistance

Countries with DAP Programmes

DAP STRATEGY & INNOVATION

DAP's initiatives ensure a holistic approach to conquering drug abuse by:

- Developing effective **prevention programs**
- Engaging **youth participation** in drug demand reduction
- Improving access to **treatment and rehabilitation**
- Providing treatment **services for children**
- Rendering **expert advisory** service
- **Training** for the drug demand and supply reduction workforce

International Technology Transfer Centres (ITTC) Network

ITTC

International Technology Transfer Center
A program of the International Consortium of Universities
for Drug Demand Reduction

<http://ittcnetwork.org>

ittc@ittcnetwork.org

- The ITTC Network develops and strengthens the workforce, organizations and systems that provide substance use prevention, treatment, and recovery support services.
- Based in universities and research centers, ITTCs utilize a variety of strategies to accelerate the implementation of scientifically-based and culturally appropriate practices
- DAP works with ITTC Network Coordinating Office in partnership with the International Consortium of Universities on Drug Demand Reduction (ICUDDR).

Key Activities

- Establishment of ITTCs
- Review of workplan and monitoring of execution
- Establishment of Advisory Board
- Identification of new ITTC locations

THE IMPACT OF DAP'S WORK

“

DAP remains relevant and innovative in delivering effective drug demand and supply reduction interventions — and therein lies its global impact.

”

The impact of DAP's work is in its capacity to **pioneer relevant and responsive innovations**. Its programs evolve with the changing landscapes global drug use trends.

As a pioneer in the field of drug demand and supply reduction, it continues to **expand its services into a plethora of essential and effective interventions**—the world over.

Thank you!
